

DVD/CD Shredder (Part #240114)

Alera Technologies is proud to offer the simplest, quick and easy method of preventing unauthorized use of sensitive data recorded on discarded discs. With a DVD or CD falling into the wrong hands all of your personal financial records, business customer lists, an entire accounting system or more could be lost or used against you. With the growing threat of hazards like identity theft the DVD/CD Shredder provides protection and peace of mind at a very low cost.

Last year corporate espionage cost US businesses \$100 billion and growing, according to a survey by the American Society for Industrial Security. Marketing plans, customer lists, financial information, etc., can all prove valuable weapons for your competition.

FTC's Identity Theft Hotline is now receiving over 1,800 calls per week and growing. Identity theft is becoming more common every day. One way to protect yourself is by shredding your DVDs and CDs.

Using a DVD/CD Shredder is an easy step you can take to minimize your risks. The DVD/CD Shredder is the ideal security tool for corporate, government, education, and personal applications. Protect your business and protect yourself! - with the DVD/CD Shredder
